Re: Notice of Intention to Continue Mining Operations,
Dolomite and Flux Plants, Tooele County,
Grantsville, Utah

Gentlemen:

Submitted herewith are notices of intent to continue mining operations for our Dolomite and Flux plant quarries. Also attached are area maps indicating the quarry locations and plant facilities. We consider the data as informational to your Division and have refrained from submitting reclamation plans for these operations on the premise that each of these plants disturbs less than two acres per twelve consecutive months.

If I can be of any further assistance or provide additional information, please contact me.

Respectfully,

Richard R. Johnston
Manager, Utah Operations
